Cargo Ground Handling Volumes Forecast

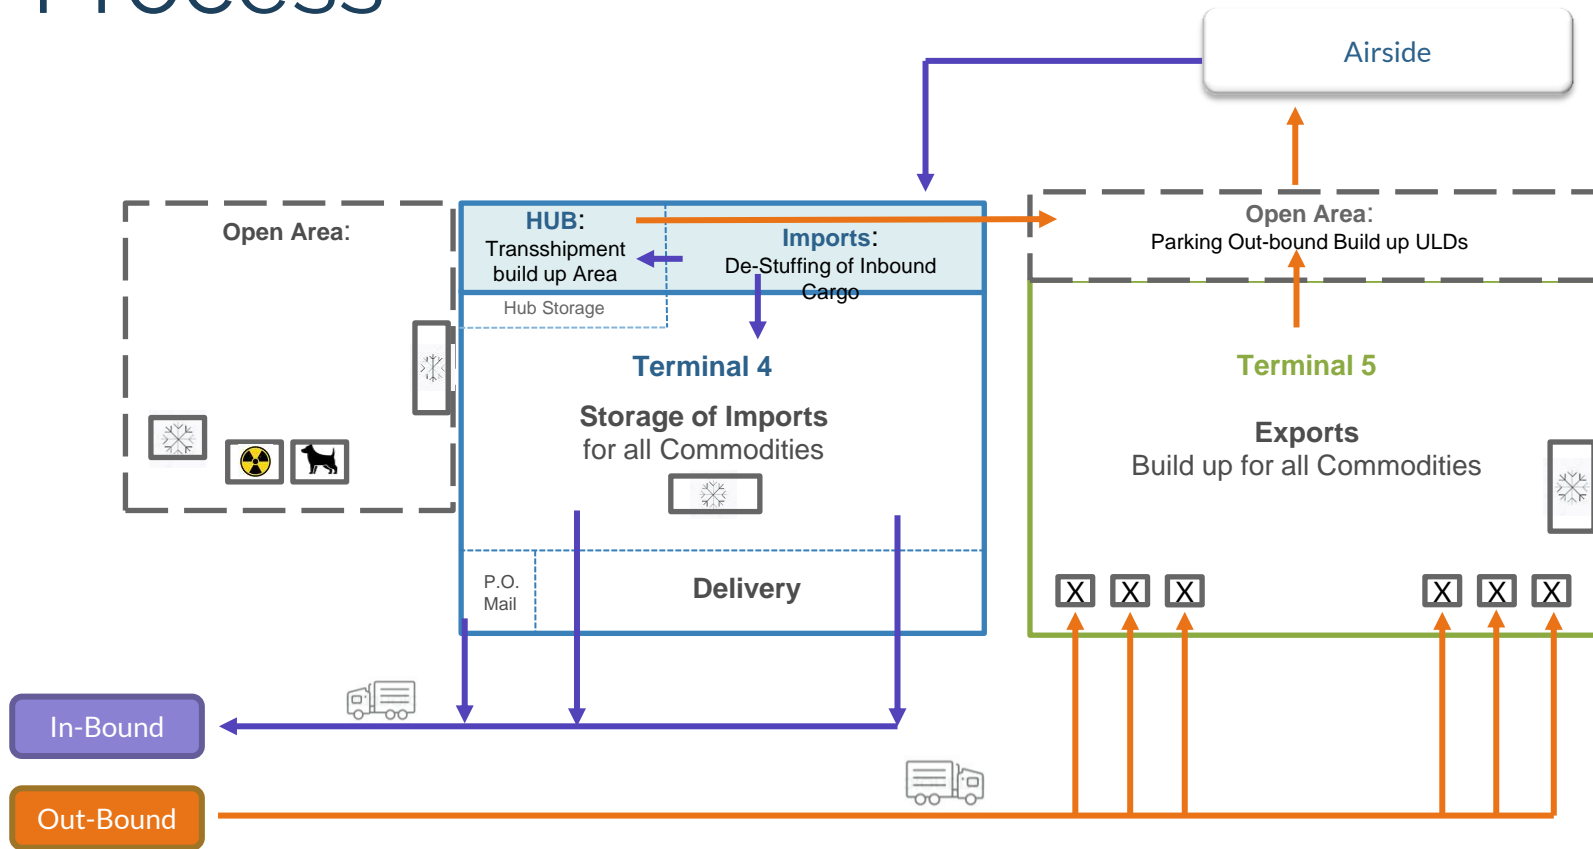

Concerns:

- Cargo handled volumes have exceeded the total handling capacity as at FY 2017/18
- 30% of total handled cargo is stored in unsheltered capacity
- Cost of claims saw an year on year increase of 55%
- Disrepute for Sri Lanka as a global logistical hub

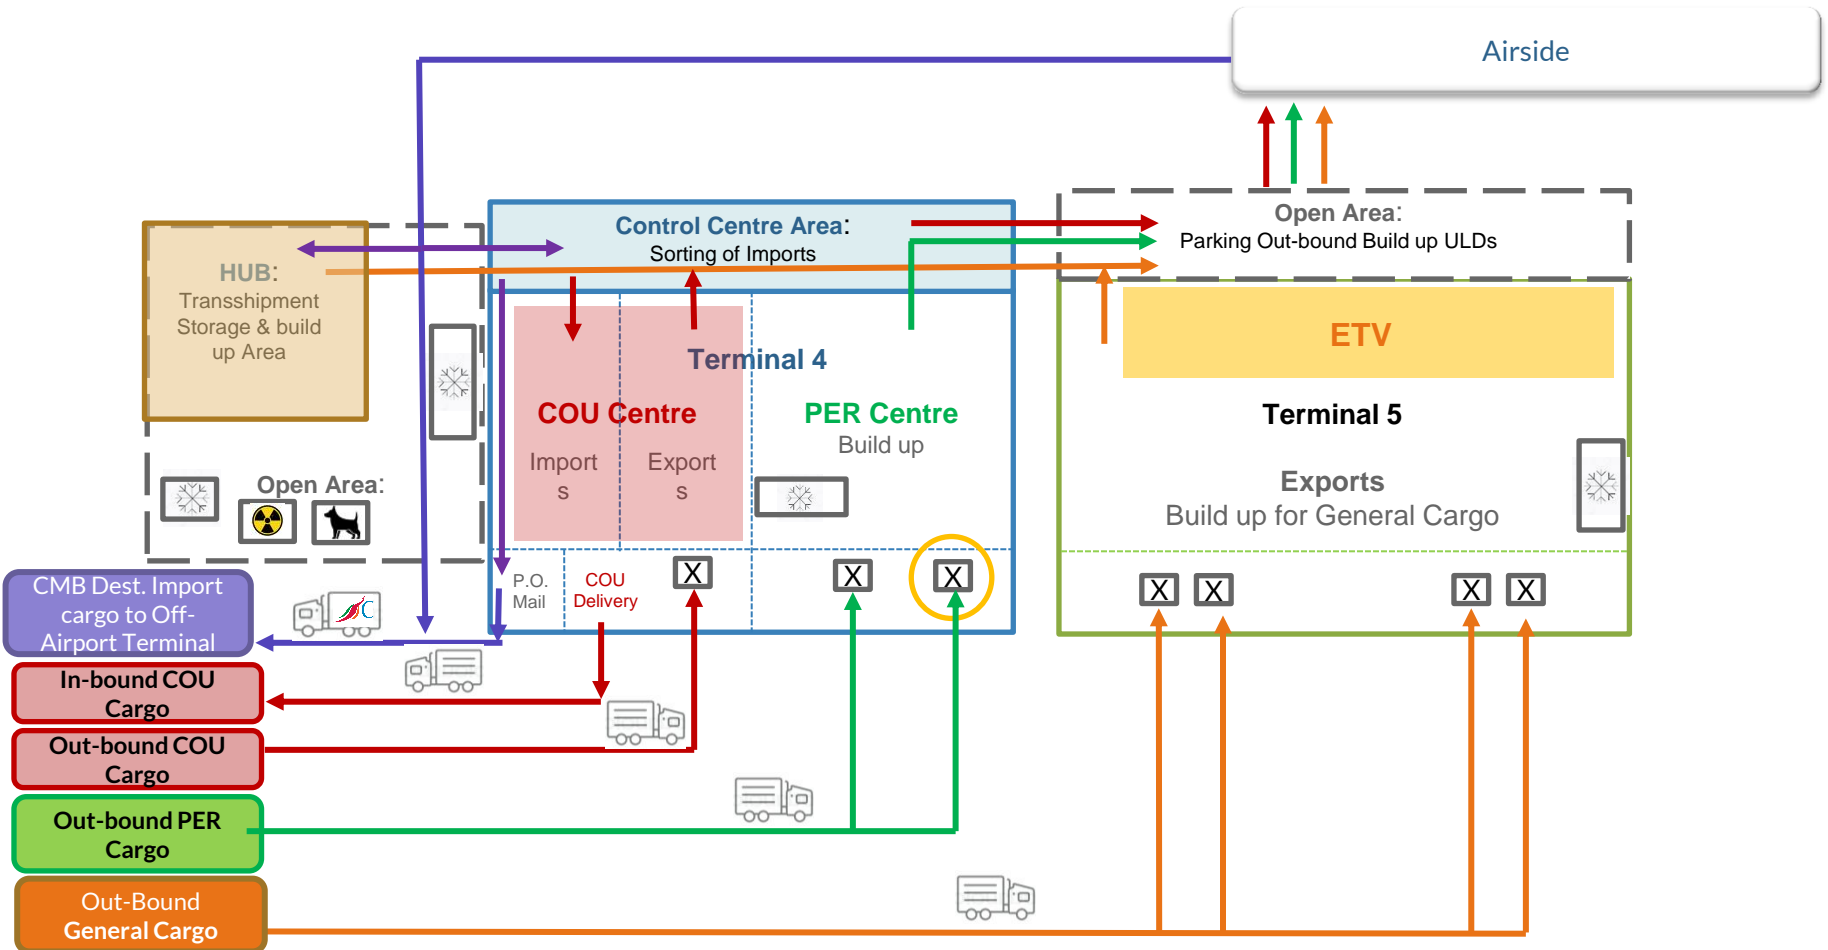

PROPOSAL

1. Utilization of the vertical capacity through installation of Elevated Transporter vehicle (ETV) and Automated Storage Racking System (ASRS)
2. Shift of Imports and delivery to external premises / AASL to provide the proposed Imports terminal
