

## **Mayurika Chakraborty**

Mayurika is heading Environment, Health, Safety and Security for Maersk – India, Bangladesh Sri-Lanka Area. She has 17.5 years of experience in the field of Sustainability and HSE. A Chemical Engineering graduate with a Post Graduate Diploma in Business Administration, she holds NEBOSH International Diploma in Occupational Health and Safety and is also a certified Lead Auditor for ISO management system. She started her career with EHS and Sustainability risk advisory and assurance with Ernst and Young Private Limited and later led the practice in Eastern India with Deloitte Touche Tohmatsu India Private Limited. She has worked across oil and gas, iron and steel, pulp and paper, FMCG, energy and cement sectors.

After 8 years in management consulting, she moved to work directly in the industry with Corporate HSE department of ITC Limited, thereafter as the Regional Health Safety Well-being Head for East and South India operations of Vodafone India Ltd. She spearheaded programmes on supply chain sustainability, behavior based safety interventions, positive safety culture, digital interventions in HSE governance. After the stint in Vodafone, she led Environment and Biodiversity in JSW Group of Companies, one of the largest conglomerates in India in steel, power, cement, infrastructure and managed the carbon neutrality, waste to wealth and water security agenda. Prior to joining Maersk, Mayurika was the Head of ESG in Kotak Investment Advisors Limited where she led the organization to sign United Nations Principles of Responsible Investment and also to integrate sustainability principles in investment decision making.
